Our Last Outreach for 2018

The Outreach team on Namuiamada beach

1. Home news

As you can see from the total numbers below we have been very busy with the medical outreaches. These numbers are easy to collect and inform you about but behind these numbers are the numbers of people the outreach has touched both physically and spiritually both in the team our visitors and in the villages. We continue to uphold the YWAM values of to know God and to make him known. We thank you for your support and encouragement and response to our posts on Facebook.

A special Marine Reach Fiji staff trip to Becana Island was organised to celebrate and the baptism of Rosemary and Rolly Egar. From the vantage point of the beach the team also prayed over the city of Lautoka. Then it was fun in the pool and beach and pizza all round.

Because of your kind support both Bill and Daesaeong were able to attend the YWAM global conference in Thailand [https://](https://ywamtogether.com/home/)

ywamtogether.com/home/. Meli has left for the music workshop in Tauranga. He too has been supported by your kind donations.

Charlie has initiated a fundraising drive for the musical equipment for worship. More information is in a newsletter on our web site.

2. Visitors

Hamilton Christian school New Zealand with Hannah and Shelby from YWAM Furness N.Z. visited with 14 12/13 year olds and 3 teachers. What an awesome team. They stayed in our Walu base after returning from a week in Savusavu and visited schools and villages in the Lautoka area

Blake and Rubin came to join Hinrich *Yachts for Life* to one of the remote island of the Lau Group.

3. Want to go on Outreach?

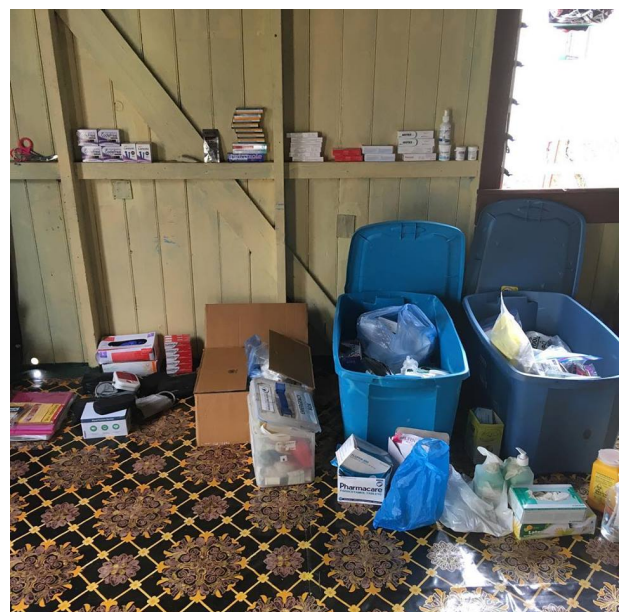

If you on your own or you and your church group/colleagues/whoever are considering helping on one of our outreaches next year our calendar is now open to your suggestions. You are also welcome to join for the dates already booked for visiting teams:

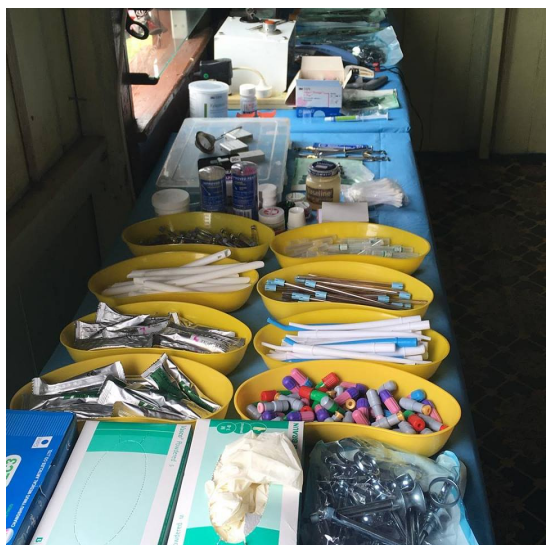

February 8 -15th

July 8th (Monday orientation) - Sat 13th clinic (14th back at base).

4. Namuiamada Outreach 29th Sept- 6th Oct.

2. Truck Fundraising update

Here it is! Daeseong and Rowena have been to see it and have ordered the custom designed the canopy. More photographs when its finished.

3. Our Prayers

1. The mobile dental units need an overhaul, perhaps we need to send them to Korea. We will need help.
2. Our prayers are still with Marcos Brasileiro Cruz and his wife Kimberly McKeown and their little girl as they prepare to join us early next year.

3. Thank you to all those who have responded to our request for supplies, medical and otherwise. Thank you for carrying them over in your baggage. For example we have 3 big bags of football kit brought for a local school and suitcases of reading glasses and medical supplies. You have been amazing.
