1. News
The most marvellous news is that Marcos and Kimberley and their little girl Sofia have joined us and are settling in to their new home.

We have completed our first outreach. We were very busy in the clinic but also in the evenings there was time for fellowship and worship. The photos in this newsletter show a little about camp-life (see below).

We are looking forward and praying for our next outreaches - dates are on the web, although April outreach is fully booked.

2. Visitors
1. We have the Gold Coast DTS students with us. An awesome team. They came on outreach with us and worked so hard. Thank you everyone.

2. A small but powerful team of 5 young students from Korea visited. They were led by Angie and Charlie locally for evangelism in the hospital, old people’s home, the women’s prison. Also a successful weeks outreach on Tavua Malolo Island.

Dentistry & Nurses
Our visiting dentist Nancy on loan from N.Z. with 2 student assistants, Åmund and Brittany. 264 dental treatments, cleaning, filling and extractions. We had 3 dentist this trip. The nurses station also worked non-stop with 2 nurses attending 126 patients.
Reading Glasses

Giving out the Reading glasses. We test each person as to what strengths they need using a chart. We then let them try out that strength using another reading chart. In all we saw and prayed for 158 people.

Oral Hygiene

We give out Colgate toothbrushes to every visitor, especially one for each of the children. We also show them how and when to clean their teeth and discuss the horrors of sugar! If you have a tooth out this is the station you get a bit of sympathy, prayer and instructions on how to recover quickly and well.

Reception

We register patients on a first come first serve basis. This is the waiting area once patients have been registered. It can get very busy. We have a job we call crowd control but really it’s the job of knowing who is waiting for dentist, nurse or reading glasses.

4. Want to come on Outreach?
The September outreach is still open for anyone who would like to join us! The other outreaches are now fully booked.
Burenitu Village Outreach 8th-5th Feb. 2019 number of patients

3. Our Thank You Prayers

These is our sincere thank you to YOU, our sponsors and friends and to the LORD- it all comes together in the clinic when this door opens

We thank you for letting your close family and friends leave you to come to Fiji.
We thank you for all the extras you pack in their suitcases for them or for us.

We thank you for your personal sacrifice but also for the joy you bring us when you join us.

We thank you Colgate for the hundreds of toothbrushes - we gave them out.

We thank you for the Days for Girls packs.

We thank you for spare clothes, spare books, spare bibles.

We thank you for the reading glasses.

We thank you for the medical supplies.

We thank you for your love, support and encouragement.

Farewell to Burenitu. Thank you for a wonderful week

Thank you
